Belimo 2020 Year-End Schedule

To state that the events of 2020 were unanticipated is an understatement for sure. In a time when many of us have had to make sacrifices with who and how we interact, we are honored that you have chosen Belimo to be there for you when delivering actuators, valves, and sensor solutions.

As an essential business, Belimo has remained open during the course of 2020 and we have taken numerous precautions in order to keep our employees safe while we work to get you the product you need when you need it. Managing the variables presented to us during the pandemic has been challenging but we have worked relentlessly to rise to the occasion.

With this, Belimo has done our best to maintain our industry leading service levels. As year-end approaches, we wish to communicate our upcoming schedule so that you can plan appropriately. Our last shipping date this year for all orders is December 28, 2020. When submitting purchase orders, please be aware of our typical lead-times (from the time of request to when products leave our facility):

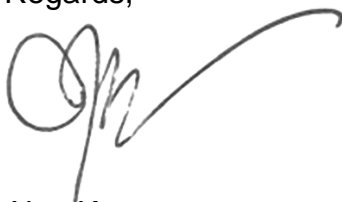

- 1-2 business days for off-the-shelf items (e.g. damper actuators)
- 1-3 business days for valve assemblies

Please note that Belimo will be closed on the following dates:

- December 24, 2020
- December 25, 2020
- December 30, 2020
- December 31, 2020
- January 1, 2021

We will be returning from the New Year holiday on January 4, 2021. We at Belimo truly appreciate your business, we are grateful for the trust you have placed in us, and we look forward to working together in 2021!

Regards,
